He provided information on a Levy Lid Lift which would enable the city budget to catch up for the years where assessed value exceeded the 1% cap. The city's budget foregoes $15.6M due to the levy lid which affects the services and infrastructure of the city.

Finance Director Steve Groom reviewed the timeline to the budget adoption including several extensive workshops and study sessions. This is the first of two public hearings scheduled to receive public input.

The Mayor's Proposed Budget has now incorporated Council requests and direction for total expenses of $155-187 million, and with 397 full-time equivalents. The Property Tax Rate is $0.69 which is less than half of the $1.60.

He referenced Exhibit A which will be attached to the Budget Ordinance and includes the authorization to spend and the appropriation by the City Council. Council thanked Mr. Groom for the presentation and asked minor clarifying questions.

b. Modifying the City's Regulation of Shopping Carts

Assistant City Attorney Kent van Alstyne provided background and history on this item which was forwarded from the Committee as a discussion item for full Council. He provided the existing regulations and state requirements for retailers to label the shopping carts with identification signs. He spoke to issues such as shopping cart security measures, impound fees charged to cart owners, and criminal and civil regulations.

Mr. van Alstyne noted a proposed code change includes making possession of a shopping cart a civil infraction and the cart subject to seizure. The mechanism to incentivize the retailer to make carts which have the proper identification notices on them would be exempt from impound fees. He noted the intent of this discussion is to gather feedback and bring back in the form of an ordinance.

Council thanked Mr. van Alstyne for the work on this issue and presentations. Clarifying questions were asked regarding civil infraction penalties; if the retailers have a big enough stake in this issue and preventing cart theft; and if retailers should be required or incentivized to properly secure their carts after-hours when the businesses are not open.

Additional questions were asked regarding the fiscal impact of this program and the cost of police and staff time, and storage facility to store seized items from the shopping carts. Councilmembers also expressed concern this could be targeting the most vulnerable in the community including mothers using the carts to transport young children and groceries, or elderly residents; and if this program would be staffed during the business work week or 24/7 by city staff and the police department. Councilmembers asked to have these questions answered along with the training plan to properly protect staff in these situations.

Council continued to debate this issue. City Attorney Call clarified without a crime, the carts cannot be seized; the carts would have to have the required signage. He also noted if the individual has the ability to take their belongings, there would be no need to catalog and store items; however, if they do not have that ability, the items cannot be left in the right of way.

Interim City Administrator Davis and Police Chief Hwang answered additional questions.

COUNCILMEMBER WALSH TO FORWARD THE PROPOSED ORDINANCE WITH THE LANGUAGE OF REQUIRED SIGNAGE PLUS SECURITY MEASURES FOR THE FEE TO BE WAIVED, TO FIRST READING ON NOVEMBER 1, 2022; SECOND BY COUNCILMEMBER DOVEY.

Other Fund Highlights

- Utility Tax revenue is trending favorably, $1.23M or 11.9% above 2022 year-to-date budget, and $0.15M or 1.3% above 2021 year-to-date actual. Extension of utility tax on water services and addition 10% on solid waste services account for the increase.
- Real Estate Excise Tax (REET) is $1.51M or 52.1% above 2022 year-to-date budget, and $0.56M or 14.6% above 2021 year-to-date collections. This is an indicator of the Federal Way real estate market's volume and valuations.
- Expenditures & Transfer Out is favorable, $1.34M or 4.9% below YTD budget, but $8.50M or 48.1% above 2021 year-to-date actuals. The favorable variance to YTD budget is primarily due to timing of arterial street overlay projects for residential streets, reduction in costs for city facilities due to activities not being at pre-pandemic levels.

Sales Tax

Revenues are above 2021 year-to-date actual by $868K or 7.5%, and above 2022 year-to-date budget by $1.31M or 11.7%. The sales tax collected for transactions at point of sale is remitted to state one month later, and remitted to city two months later, therefore monthly reporting shows a lag.

Market Value is currently below both Original Face Value, the value we'll receive at maturity, and Principal Cost, what we paid. This is because rates have risen, so the investments purchased in the past, at lower rates, aren't as desirable on the secondary market, to those who trade actively. This is an unrealized change in market value, since we'll hold all investments through to maturity, receiving full value.

The Work shall not be deemed completed until the City has accepted the Work.

1.3 Liquidated Damages. Time is of the essence of the Contract. Delays inconvenience the traveling public, obstruct traffic, and interfere with and delay commerce.

Delays also cost tax payers undue sums of money, adding time needed for administration, engineering, inspection, and supervision.

Accordingly, the Contractor agrees:

1. To pay liquidated damages in the amount of $200.00 for each working day beyond the number of working days established for Physical Completion, and
2. To authorize the Engineer to deduct these liquidated damages from any money due or coming due to the Contractor.

When the Contract Work has progressed to the extent that the Contracting Agency has full use and benefit of the facilities, both from the operational and safety standpoint, all the initial plantings are completed and only minor incidental Work, replacement of temporary substitute facilities, plant establishment periods, or correction or repair remains to physically complete the total Contract, the Engineer may determine the Contract Work is substantially complete. The Engineer will notify the Contractor in writing of the Substantial Completion Date. For overruns in Contract time occurring after the date so established, liquidated damages shown above will not apply. For overruns in Contract time occurring after the Substantial Completion Date, liquidated damages shall be assessed on the basis of direct engineering and related costs assignable to the project until the actual Physical Completion Date of all the Contract Work. The Contractor shall complete the remaining Work as promptly as possible. Upon request by the Engineer, the Contractor shall furnish a written schedule for completing the physical Work on the Contract.

Liquidated damages will not be assessed for any days for which an extension of time is granted. No deduction or payment of liquidated damages will, in any degree, release the Contractor from further obligations and liabilities to complete the entire Contract.

1.4 Performance Standard. Contractor shall perform the Work in a manner consistent with accepted practices for other properly licensed contractors, performed to the City's satisfaction, within the time period prescribed by the City.

1.5 Compliance with Laws. Contractor shall perform the Work in accordance with all applicable federal, state and City laws, including but not limited to all City ordinances, resolutions, standards or policies, as now existing or hereafter adopted or amended, and obtain all necessary permits and pay all permit, inspection or other fees, at its sole cost and expense.

1.6 Change Orders. The City may, at any time, without notice to sureties, order changes within the scope of the Work. Contractor agrees to fully perform any such alterations or additions to the Work. All such change orders shall be in the form of the Contract Change Order Agreement attached hereto as Exhibit "B," which shall be signed by both the Contractor and the City, shall specifically state the change of the Work, the completion date for such changed Work, and any increase or decrease in the compensation to be paid to Contractor as a result of such change in the Work. Oral change orders shall not be binding upon the City unless confirmed in writing by the City. If any change hereunder causes an increase or decrease in the Contractor's

cost of, or time required for, the performance or any part of the Work under this Contract, an equitable adjustment will be made and the Contract modified in writing accordingly.

If the Contractor intends to assert a claim for an equitable adjustment hereunder, it shall, within five (5) days after receipt of a written change order from the City or after giving the City the written notice required above, as the case may be, submit to the City a written statement setting forth the general nature and monetary extent of such claim; provided the City, in its sole discretion, may extend such five (5) day submittal period upon request by the Contractor. The Contractor shall supply such supporting documents and analysis for the claims as the City may require to determine if the claims and costs have merit. No claim will be allowed for any costs incurred more than five (5) days before the Contractor gives written notice as required. No claim by the Contractor for an equitable adjustment hereunder will be allowed if asserted after final payment under this Contract.

1.7 Work and Materials Omitted. The Contractor shall, when directed in writing by the City, omit work, services and materials to be furnished under the Contract and the value of the omitted work and materials will be deducted from the Total Compensation and the delivery schedule will be reviewed if appropriate. The value of the omitted work, services and materials will be a lump sum or unit price, as mutually agreed upon in writing by the Contractor and the City. If the parties cannot agree on an appropriate deduction, the City reserves the right to issue a unilateral change order adjusting the price and the delivery schedule.

1.8 Utility Location. Contractor is responsible for locating any underground utilities affected by the Work and is deemed to be an excavator for purposes of Chapter 19.122 RCW, as amended. Contractor shall be responsible for compliance with Chapter 19.122 RCW, including utilization of the "one call" locator system before commencing any excavation activities.

KNOW ALL PERSONS BY THESE PRESENTS that we, the undersigned, _____, as principal ("Principal"), and _____, a Corporation organized and existing under the laws of the State of _____, as a surety Corporation, and qualified under the laws of the State of Washington to become surety upon bonds of Contractors with Municipal Corporations, as surety ("Surety"), are jointly and severally held and firmly bonded to the City of Federal Way ("City") in the penal sum of: _____ ($ _____) for the payment of which sum we bind ourselves and our successors, heirs, administrators or personal representatives, as the case may be.

A. This obligation is entered into in pursuant to the statutes of the State of Washington and the ordinances, regulations, standards and policies of the City, as now existing or hereafter amended or adopted.

B. Pursuant to proper authorization, the Mayor is authorized to enter into a certain contract with the Principal, providing for the _____ Project, which contract is incorporated herein by this reference ("Contract"), and

C. Pursuant to State law, Chapter 60.28 RCW, the City is required to reserve from the monies earned by the Principal pursuant to the contract, a sum not to exceed five percent (5%), said sum to be retained by the City as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or material men who shall perform any labor upon such contract or the doing of such work, and all persons who shall supply such person or persons or subcontractors with provisions and supplies for the carrying on of such work, and the State with the respect to taxes imposed pursuant to Title 82 RCW which may be due from said Principal. Every person performing labor or furnishing supplies towards completion of said improvement or work shall have a lien on said monies so reserved, provided that such notice of the lien of such claimant shall be given in the manner and within the time provided in RCW 39.08.030 as now existing and in accordance with any amendments that may hereafter be provided thereto; and

D. State law further provides that with the consent of the City, the Principal may submit a bond for all or any portion of the amount of funds retained by the public body in a form acceptable to the public body conditioned upon such bond any proceeds therefrom being made subject to all claims and liens and in the same manner and priority as set forth retained percentages pursuant to Chapter 60.28 RCW; and

E. The Principal has accepted, or is about to accept, the Contract, and undertake to perform the work therein provided for in the manner and within the time set forth, for the amount of $ _____; and

F. The City is prepared to release any required retainage money previously paid by the Principal prior to acceptance and successful operation and fulfillment of all other terms of said contract upon being indemnified by these presents,

NOW, THEREFORE, if the Principal shall perform all the provisions of the Contract in the manner and within the time period prescribed by the City, or within such extensions of time as may be granted under the Contract, and shall pay all laborers, mechanics, subcontractors and material men or women, and all persons who shall supply the Principal or subcontractors with provisions and supplies for the carrying on of said work, and if the Principal shall pay to the State all taxes imposed pursuant to Title 82 RCW which may be due from such Principal as a result of this contract then and in the event this obligation shall be void; but otherwise it shall be and remain in full force and effect.

And the Surety, for value received, hereby further stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or the specifications accompanying the same shall in any way affect its obligation on this bond, and it does hereby waive notice of any change, extension of time, alterations or additions to the terms of the Contract or to the Work.

The Surety hereby agrees that modifications and changes may be made in the terms and provisions of the Contract without notice to Surety, and any such modifications or changes increasing the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this Retainage Bond in a like amount, such increase, however, not to exceed twenty-five percent (25%) of the original amount of this bond without consent of the Surety.

Within forty-five (45) days of receiving notice that the Principal has defaulted on all or part of the terms of the Contract, the Surety shall make written commitment to the City that it will either: (a) cure the default itself within a reasonable time period, or (b) tender to the City, the amount necessary for the City to remedy the default, including legal fees incurred by the City, or (c) in the event that Surety's evaluation of the dispute is not complete or in the event the Surety disputes the City's claim of default, the Surety shall notify the City of its finding and its intent, if any, to interplead. The Surety shall then fulfill its obligations under this bond, according to the option it has elected. Should Surety elect option (a) to cure the default, the penal sum of the Bond shall be reduced in an amount equal to the costs actually incurred by the Surety in curing the default. If the Surety elects option (b), then upon completion of the necessary work, the City shall notify the Surety of its actual costs. The City shall return, without interest, any overpayment made by the Surety and the Surety shall pay to the City any actual costs which exceed the City estimate, limited to the bond amount. Should the Surety elect option (c), the Parties shall first complete participation in mediation, described in the below paragraph, prior to any interplead action.

In the event a dispute should arise between the Parties to this Bond with respect to the City's declaration of default by the Principal, the Parties agree to participate in at least four hours of mediation to resolve said dispute. The Parties shall proportionately share in the cost of the mediation. The mediation shall be administered by Judicial Dispute Resolution, LLC, 1425 Fourth Avenue, Suite 300, Seattle, Washington 98101. These laptops live an especially hard life inside a patrol vehicle, and need replacement at the end of their life. There are thirteen (13) eligible laptops for replacement, which were included within the 2022 approved budget.

These laptops are available for purchase off the State of Washington/WSCA-NASPO Cooperative Purchasing Organization contract (WA State contract# 05815-017).

Each laptop is purchased with a vehicle dock totaling $4,757.42/each. All thirteen (13) laptops and docks total $61,846.47 inclusive of Washington State Sales Tax.

Background:

The Lodging Tax Advisory Committee (LTAC) is comprised of a minimum of five members who are appointed by the City Council to serve two-year terms. Per FWRC 2.75.020, members must represent businesses that are required to collect lodging tax or businesses authorized to be funded by lodging tax revenues (a minimum of two each) and the number of members who collect tax and those who are funded by the tax revenue must be equal.

Currently there are two vacant voting positions to represent businesses collecting tax and one vacant position to represent those involved in activities authorized to be funded by this revenue. To meet the requirement of equal types of members, either all positions must be filled or only one position to represent businesses collecting the tax.

Two applications have been received from applicants who represent businesses required to collect lodging tax. At their November 1, 2022 Special Meeting the City Council interviewed applicants seeking appointment to the Lodging Tax Advisory Committee (Kyle Carper with Hilton and Juliana Marroquin with Evergreen Inn and Suites).

Options Considered:

1. Appoint _____ to the Lodging Tax Advisory Committee to a term to expire October 31, 2024.
2. Direct the City Clerk to advertise for additional applicants for the Lodging Tax Advisory Committee.

Summary/Background: The City held public hearings October 18, and November 1, 2022 on the proposed 2023-24 Biennial Budget and 2023 proposed Property Tax Levy. The 2023 proposed Property Tax Levy is based on 1% increase in existing assessed value plus new construction at the existing rate. Based on preliminary information from the King County Assessor, this would result in a **decrease in the tax rate from $0.81037 per $1,000 of assessed valuation to approximately $0.68737**

MEMORANDUM

DATE: October 11, 2022

TO: City Council Members

VIA: Jim Ferrell, Mayor

FROM: Steve Groom, Finance Director

SUBJECT: 2023 Property Tax Levy

Financial Impacts:

This ordinance is to authorize increase of the regular property tax consistent with state statute. The King County Assessor's Office has notified us of the current assessed valuation of the City, and staff has incorporated their latest information in the calculation. The revenue to the City for the 2023 Property Tax Levy will be $11,907,158 and will be credited to the General Fund.

Background Information:

The Total Assessed Value of the City is estimated by the Assessor's Office at $17,111,785,626, an increase of $2,787,009,169 or 19.46% over prior year's value of $14,324,776,457. Of that increase, $46,516,497 is New Construction. The Estimated Levy, therefore is estimated at $11,907,158, an increase of $156,603 or 1.35% over the prior year's $11,608,378. The additional $156,603 will be allocated across the properties in the City by the Assessor using the required uniform rate methodology.

The City Council has public hearings scheduled for October 18th on the proposed 2023-24 Biennial Budget and proposed 2023 Property Tax Levy and on November 1st, 2022 for the 2nd public hearing on the 2023-24 Biennial Budget.

Staff requests and recommends adoption of the attached ordinance.

WHEREAS, the City Council, after hearing and duly considering relevant evidence and testimony, determined that it is necessary and advisable in order to discharge the expected expenses and obligations of the City to authorize an increase in regular property tax consistent with the limit factor prescribed by RCW 84.55.0101; and

MEMORANDUM

TO: City Council Members

Kent van Alstyne, Assistant City Attorney

SUBJECT: Modifying the City's Regulation of Shopping Carts

Background Information:

On October 18, 2022, the City Council ("Council") considered the proposed ordinance amending the City's regulation of shopping carts ("Ordinance"). After significant discussion and input, the Council voted to forward the Ordinance—with two modifications—to first reading on November 1, 2022.

First, Council directed that the Ordinance be modified to exempt impounded shopping carts from the applicable impound fee where: (1) the retail owner of the shopping cart had previously adopted security measures under FWRC 7.25.050; and (2) the shopping cart had legally compliant signage consistent with FWRC 7.25.030 and state law.

Second, Council directed that the Ordinance be modified to add securing all shopping carts within a building or enclosure when the retail establishment is closed to the list of approved security measures under FWRC 7.25.050.

The updated draft of the Ordinance for first reading implements both changes.

CITY OF FEDERAL WAY
MEMORANDUM

DATE: October 4, 2022

TO: City Council Members

VIA: Jim Ferrell, Mayor

FROM: J. Ryan Call, City Attorney
Kent van Alstyne, Assistant City Attorney

SUBJECT: Modifying the City's Regulation of Shopping Carts

Financial Impacts:

City of Federal Way ("City") Staff have proposed allocating $250,000 in the 2023 City Budget to finance operation and enforcement of the shopping cart program. This budget allocation would cover additional required staffing (administrative, field worker), as well as equipment and operational costs (storage for personal property, truck and trailer).

All other staffing requirements not covered by the proposed budget allocation incurred through enforcement of the abandoned shopping cart program would be internalized among existing personnel.

Background Information:

A. Current Shopping Cart Regulation in the City

In 2018, the City Council passed Ordinance No. 18-858, which first established regulations specifically governing abandoned shopping carts in the City – meaning that the cart is not currently in anyone's possession. The City's abandoned shopping cart regulations are codified in Chapter 7.25 of Federal Way Revised Code ("FWRC"). Chapter 7.25 FWRC currently regulates abandoned shopping carts by:

(1) requiring identification signs on all shopping carts in the City in compliance with state law;

(2) providing for an impoundment program for abandoned shopping carts on public and private property with associated owner notification; and

(3) charging shopping cart owners impound fees, but deferring such fees for the first three carts attributable to each owner each month if the owner has established security measures to prevent removal of the shopping carts from the premises.

Violations of current Chapter 7.25 FWRC are enforceable under the standard mechanisms for civil enforcement of code. While the current code regulates abandoned shopping carts, there is no current civil regulation in code of other shopping carts off the store's property in possession of a person.

In addition to the civil regulation of abandoned shopping carts in the City, the City has adopted into code the misdemeanor offense of shopping cart theft in RCW 9A.56.270. Only unauthorized removal or possession of shopping carts with required identification signs constitutes a crime. The maximum penalty under state law for shopping cart theft is a $1,000 fine, and 90 days in jail. Shopping cart theft in the city is enforced through the police department.

B. Proposed Modifications to Shopping Cart Regulation

The proposed ordinance contains several amendments to shopping cart regulation in the City ("Ordinance"). Specifically, the Ordinance:

(1) makes possession of a shopping cart (whether appropriately signed or not) in a City right-of-way a Class III infraction, and specifically makes shopping cart found in the city right-of-way subject to seizure;

(2) expands the impound program to cover both impounds of abandoned shopping carts, as well as seizures of stolen shopping carts and any shopping carts illegally in the right-of-way;

(3) modifies the impound/seizure fees to exempt all carts that have a legally sufficient identification sign;

(4) provides that the city must develop procedures for appropriate treatment and storage of personal property in seized shopping carts;

(5) establishes a stand-alone provision in the City criminal code related to shopping cart theft, similar to the current provisions regarding graffiti crimes.

The proposed modifications will allow for expanded impound and seizure of not only abandoned shopping carts, but also stolen shopping carts with the required identification signs, and any shopping cart found in the city right-of-way.
