An official website of the United States government Here's how you know

Vaccine Support

We continue to support the White House COVID-19 Response Plan by working with federal, state, local, tribal and territorial partners to assist, augment and expedite vaccinations in the United States.

The COVID-19 incident period ended on May 11, 2023. FEMA will continue to provide funeral assistance until Sept. 30, 2025, to those who have lost loved ones due to this pandemic.

How You Can Get Vaccinated

FEMA Support for Distribution

Ensuring Equitable Access

News & Information

How You Can Get Vaccinated

The CDC is providing recommendations to federal, state, and local governments about who should be vaccinated first.

CDC's recommendations are based on those of the Advisory Committee on Immunization Practices, an independent panel of medical and health experts.

FEMA Support for Vaccine Distribution

FEMA is supporting vaccination sites by providing expedited financial assistance, providing federal equipment and supplies, and deploying federal personnel to states, tribes, territories, and other eligible applicants for vaccination efforts.

> Vaccine Distribution: COVID-19 Response Update May 14, 2021

If you are an individual or a business looking to support the COVID-19 vaccine efforts, there are many different ways to help.

> Learn How to Help

Accelerate Vaccine Efforts

More healthcare personnel is needed to assist with COVID-19 vaccination efforts. Sign up to administer the vaccine in your community.

FEMA will reimburse state, local, tribal and territorial governments and the District of Columbia for the use of their National Guard to respond to COVID-19 at a 100% cost share until Sept. 30,

2021.

We will expedite reimbursement for eligible emergency work projects as appropriate and consistent with applicable law. Such assistance may include but is not limited to:

Leasing facilities or equipment to administer and store the vaccine.

Staffing and training support.

Providing personal protective equipment and other administrative supplies.

Using technology to register and

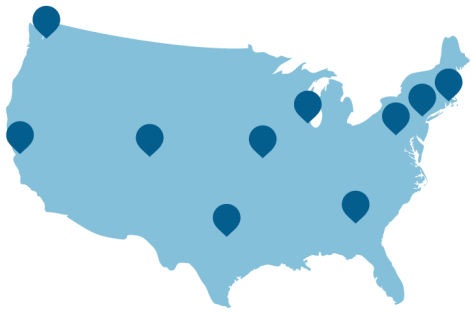

track vaccine administration.

Identify and Fill Resource Gaps

We are working with HHS and other federal agencies to ensure a coordinated approach to using Defense Production Act authorities wherever necessary so private sector companies can increase vaccine supply and spur vaccine manufacturing.

Learn more about how FEMA is helping governments with their vaccine distribution efforts through reimbursements for associated costs.
FEMA COVID-19 Vaccination Planning FAQ

Supporting and Establishing Vaccine Centers

We are coordinating through our National Response Coordination Center and 10 regional offices across the nation to support regions, territories and tribes with:

- Establishing vaccination locations.
- Establishing new community vaccination centers.
- Supporting National Guard operations to expand access to vaccines.

Read our Community Vaccination Centers Playbook.

Learn More

Ensuring Equitable Vaccine Access

FEMA is committed to ensuring every person who wants a vaccine can get one. We are supporting states, tribes and territories by providing equipment, funding and personnel to vaccination centers.

FEMA established a Civil Rights Advisory Group to help ensure equity in the allocation of scarce resources, including any additional future allocations of vaccine. The group includes members from FEMA program offices, and other federal agencies:

- Health and Human Services (HHS)
- HHS, Centers for Disease Control and Prevention
- HHS, Administration for Community Living
- HHS, Assistant Secretary for Preparedness and Response
- Housing and Urban Development
- Department of Justice Civil Rights Division
- Department of Homeland Security's Office for Civil Rights and Civil Liberties

Ensuring Civil Rights in Multiple Disasters During COVID-19

Ensuring Equity in Our Vaccine Distribution Support

How is the White House Supporting?

To address and prevent COVID-19 health inequities and ensure an equitable response to the pandemic, the Biden-Harris administration announced the COVID-19 Health Equity Task Force.

Logistical Collaboration Delivers Resources to Build Out Territory's Community Vaccination Centers

ST. CROIX, U.S. Virgin Islands – A unified effort between the territory and federal government made it possible to deliver the right resources, at the right place, at the right time to stand up two Community Vaccination Centers (CVC) within a month on St. Croix and St. Thomas.

March 10, 2021

FEMA Supports Vaccine Distribution: COVID-19 Response Update

WASHINGTON -- Acting FEMA Administrator Bob Fenton attended the opening of the vaccination center at Chicago's United Center this morning, as another vaccination center opened in Greensboro, North Carolina. The center in Chicago -- capable of administering 6,000 shots per

day -- can be reached from six transit lines and multiple city bus routes, with easy parking and proximity to the city's major roadways.

March 9, 2021

FEMA Ensures Equitable Distribution of COVID-19 Vaccines

FEMA has established the Civil Rights Advisory Group as part of the agency's commitment to the COVID-19 vaccination mission amid the ongoing battle against the pandemic.

March 9, 2021

FEMA Awards Nearly $300K to the Connecticut Department of Public Health to support the State's Vaccination Program

REGION 1 – The Federal Emergency Management Agency awarded a nearly $300,000 expedited grant to the State of Connecticut to support their COVID 19 Vaccination plan.

March 9, 2021

CVC Weekly Update: First Shots exceed a Quarter Million at Groundbreaking CVCs

Two large-scale, state-led, federally supported Community Vaccination Centers (CVCs) were set up in Alameda and Los Angeles counties to increase California's vaccination rate effectively and ensure all communities are served equitably. To get appointments, Californians must register at the state's MyTurn.ca.gov website or call 833-422-4255. Show up for your appointment, and the CVC does the rest. The numbers below tell the story of how CVCs did this past week.

March 8, 2021

FEMA Supports Vaccine Distribution: COVID-19 Response Update

Federally supported community vaccination centers are opening tomorrow in Chicago and Greensboro, North Carolina, adding to the more than 500 centers already operating nationwide.

FEMA Awards $110 Million to Oregon to Support Vaccination Efforts

The Federal Emergency Management Agency (FEMA) has awarded $110 million in federal funding to assist the Oregon Health Authority (0HA) and partners in operating dozens of COVID-19 vaccination centers throughout the state.

March 8, 2021

FEMA Provides An Additional $24 Million to North Dakota for COVID-19 Response

DENVER – The Federal Emergency Management Agency (FEMA) has provided $24 million in additional funding for COVID-19 response efforts in North Dakota. To date, FEMA has provided more than $32 million in Public Assistance funding for COVID-19 response in North Dakota. The assistance was made available under a major disaster declaration issued April 1, 2020.

March 8, 2021

State Task Force is the Engine Driving West Virginia's Vaccine Success

PHILADELPHIA - If West Virginia's successful vaccine rollout is a speeding car, then the Joint Interagency Task Force (JIATF) is its engine – and the agencies on it are the pistons revving it up.

March 8, 2021

FEMA Supports Vaccine Distribution: COVID-19 Response Update

Additional federally supported community vaccination centers are set to open next week in Chicago and Greensboro, North Carolina, with more center openings scheduled for Atlanta and Cleveland in the coming weeks.

March 5, 2021

Good Karma in Delaware

PHILADELPHIA – The next big auto race at Dover International Speedway (DIS) is scheduled for Friday, May 14, 2021. But it's the race to get Delaware residents vaccinated against COVID-19 that has kept the speedway parking lot abuzz and full this past week. Full of federal and state personnel staff eager to serve and saturated with vaccine recipients grateful for the lifesaving shot. Together, it has created a recipe for good will, while generating an invitation for good karma.

March 3, 2021

FEMA Supports Vaccine Distribution: COVID-19 Response Update

WASHINGTON -- FEMA continues working to ensure anyone who wants a vaccine can get one, offering live on-demand American Sign Language interpreters for the deaf and hard of hearing community at all federally supported community vaccination centers. The service is available every day of the week during each center's hours of operation.

March 3, 2021

FEMA Supports Vaccine Distribution: COVID-19 Response Update

FEMA continues its push to speed up vaccinations across the country, supporting states as they open additional community vaccination centers this week. In addition to Pfizer and Moderna, the Johnson & Johnson vaccine will be delivered to three federal pilot community vaccination centers in California, Florida and Texas, helping to bring this unprecedented pandemic to an end.

March 2, 2021

FEMA Supports Community Vaccination Centers

FEMA continues working with state, tribal and territorial authorities to open additional vaccination centers this week. The centers are scheduled to open in Jacksonville, Miami, Orlando and Tampa, Florida; Albany, Buffalo, Rochester and Yonkers, New York; Philadelphia; and Waldorf, Maryland. Two additional centers will open next week, one in Greensboro, North Carolina and another in Chicago.

March 1, 2021

FEMA Awards $39 Million to Idaho for Community Vaccination Centers

BOTHELL, Wash. – The Federal Emergency Management Agency (FEMA) has awarded $39 million in federal funding to the Idaho Office of Emergency Management (IOEM) to support as many as five COVID-19 vaccination centers throughout the state.

March 1, 2021

FEMA Supporting Vaccination Centers Nationwide

FEMA continues taking action to support President Joseph R. Biden, Jr.'s battle against COVID-19. Since Jan. 20, FEMA has obligated more than $3.97 billion towards the vaccination efforts, establishing or expanding more than 440 community vaccination centers nationwide and providing critical support in the form of personnel, supplies and funding.
