Jim Ferrell, Mayor

PROCLAMATION RESCINDING EMERGENCY PROCUREMENT AUTHORITY

WHEREAS, on March 26, 2020, Mayor Jim Ferrell declared a public health emergency due to an outbreak of COVID-19 in King County, and further declared that Department Directors were authorized to enter into contracts and incur obligations as necessary to protect the health and safety of persons and property and to provide emergency assistance to those impacted by the outbreak; and

WHEREAS, while COVID-19 continues to impact society in many negative ways, the severe social disruption caused by mandatory quarantines has lessened allowing the City of Federal Way to operate more normally; and

WHEREAS, emergency procurement and contracting are no longer necessary to address the needs of the community when responding to COVID-19 related issues because those needs can be addressed through the normal contracting process, ending with council approval.

THEREFORE, BE IT PROCLAIMED BY Mayor Jim, Ferrell, Mayor of the City of Federal Way that:

SECTION 1.

There no longer exists an emergent threat to public safety stemming from the social disruption caused by COVID-19 responses, such as mandatory quarantines. City Staff are directed to continue to address the impacts of COVID-19 through normal procurement and contracting processes.

SECTION 2.

Authority granted to Department Directors to execute emergency procurement and contracting without regard to those procedures required by local and state law is hereby rescinded.

Jim Ferrell
Mayor
City of Federal Way, Washington

Dated: 6/27/22
